

# Instituto Nacional de Salud del Niño - [INSN](#)

- Lima node for [SAYCARE Pilot Study](#)
- Tertiary Paediatric Referral Hospital
- Teaching and Research Institute
- [Research Centre](#) for asphyxia, neonatal resuscitation and unconventional anthropometry

**Universidad Nacional Mayor de San Marcos - UNMSM**  
[Research Groups in Medicine](#): EDUMED – NEO

**Universidad Peruana Cayetano Heredia - UPCH**  
Research Center: [CIDIS](#) - MAMAWAWA

# Core Research Team

[Carlos Delgado](mailto:cdelgadob1@unmsm.edu.pe) <cdelgadob1@unmsm.edu.pe>, [Luis Huicho](mailto:lhuicho@gmail.com) <lhuicho@gmail.com>, [Roberto Shimabuku](mailto:rshimabukua@unmsm.edu.pe) <rshimabukua@unmsm.edu.pe>, [Pablo Velásquez](mailto:pvelasque30@yahoo.com.mx) <pvelasque30@yahoo.com.mx>, [Victor Sánchez](mailto:vsanchez@insn.gob.pe) <vsanchez@insn.gob.pe>, [Juan Rivera](mailto:juan.riveramedina@gmail.com) <juan.riveramedina@gmail.com>, [Carlos Del Aguila](mailto:caguilav@hotmail.com) <caguilav@hotmail.com>

- INSN: Highly specialized paediatricians who care for children referred from all over the country (Consultants on Neonatal Medicine, Paediatric Gastroenterologist or Endocrinologist, etc. and all of them may be available by Tele-health)
- Leading, Established and Recognised Researchers
- Research units and departments, ethics committees and active institutional agreements for projects management and logistic support (INSN-UNMSM-UPCH-UNFV)
- Master degree and PhD students (UNMSM, UPCH, UNFV)

# Potential Collaborative Research

- **3D Children:** Investigate the potential of digital images captured with 3D scanners, as markers of child growth and development.
- **Preemie nutrition:** Network for monitoring the nutrition, gut micro-biome evolution, growth and development of premature newborns Cohorts in the coast and mountains of Peru.
- **Peruvian Birth Cohort:** Double burden follow-up for obesity and malnutrition in Peruvian children on the Coast and Andean regions.
