At the top left is the European Commission logo and the text 'Funding & tender opportunities Single Electronic Data Interchange Area (SEDIA)'. On the top right, there are links for 'English', 'Register', and 'Login'. A navigation bar contains several menu items: 'SEARCH FUNDING & TENDERS', 'HOW TO PARTICIPATE', 'PROJECTS & RESULTS', 'WORK AS AN EXPERT', and 'SUPPORT'. A red arrow points to a 'select programme' button in the top right corner. Below the navigation bar is a red notification banner with an 'x' icon, stating that certain applications will be unavailable on Monday, 03.06.2019, between 07:30 and 09:30 (CET). Below this is a blue banner with the text: 'Funding & tender opportunities (the Single Electronic Data Interchange Area) is the entry point for participants and experts in funding programmes and tenders managed by the European Commission and other EU bodies.' Underneath is a section titled 'Find calls for proposals and tenders' with a search bar and a yellow 'Search' button. The main content area is titled 'EU Programmes' and features a grid of 24 program categories. The 'Horizon 2020 Framework Programme (H2020)' is highlighted with a red box. The categories are: 3rd Health Programme (3HP), Asylum, Migration and Integration Fund (AMIF), Consumer Programme (CP), Creative Europe (CREA), European Defence Industrial Development Programme (EDIIDP), EU Aid Volunteers Programme (EUAVP), Erasmus+ Programme (ERASMUS), Europe For Citizens (EFC), European Maritime and Fisheries Fund (EMFF), European Statistics (ESTAT), HERCULE III (HERC), Horizon 2020 Framework Programme (H2020), Internal Security Fund Borders and Visa (ISFVB), Internal Security Fund Police (ISFVP), Justice Programme (JUST), Pilot Projects and Preparatory Actions (PPPA), Programme for the Competitiveness of Enterprises and small and medium-sized enterprises (COSME), Programme for the Environment and Climate Action (LIFE), Promotion of Agricultural Products (ADRIAP), Research Fund for Coal & Steel (RFCS), Rights, Equality and Citizenship Programme (REC), Union Civil Protection Mechanism (UCPM), Programming Period 2007-2013 (FP7 - CIP), and Overview of EU funding.

Topic Description

Specific Challenge:

HVDC power network is the future power network for the more electrical aircraft and is an enabler for sources hybridization as new functions. The More Electrical Aircraft HVDC network sources hybridization function requires a dedicated HVDC DC/DC converter to manage the appropriate interface between the HVDC power sources, the distribution network, and the HVDC power storage. This innovative converter shall be designed, simulated, developed and integrated into Airbus HVDC network demonstrator. The expected innovations are:

- converter control laws allowing parallelization of different HVDC sources at demonstrator level
- demonstration of high power density and high efficiency based on:
 - o disruptive topologies and switching control
 - o introduction of new components technologies

Ejercicios de emparejamiento

Después de la formulación clara de la idea del proyecto, un ejercicio de emparejamiento con el potencial de un tema abierto debe ser ejecutado por su parte.

- ¿Tiene su idea un impacto significativo (casi) idéntico del impacto esperado del tema?
- ¿Aborda su idea el desafío descrito en la descripción del tema?
- ¿Acciones previstas de su parte son similares a las descritas en el tema?
¿Tienen una comprensión común en términos de costos y tiempo del tema?

3. Temas para Cooperación Internacional?

¿Cómo identificar temas para la Cooperación Internacional?

- Algunas veces, ciertos temas del programa **alientan la cooperación internacional** y declaran explícitamente que 'eso será considerado positivo durante la evaluación de las propuestas'
- **Cooperación Internacional es una prioridad transversal** y se incluye en casi todas las partes de Horizon 2020
- Todos los temas marcados se definen como tales en el Funding & Tender Portal
- Más información sobre cooperación internacional:

RESEARCH & INNOVATION
Participant Portal H2020 Online Manual

Submit a proposal 

Proposal submission

Proposals must be submitted electronically using the **electronic submission system of the Participant Portal**. Access to the electronic submission system is available after selecting a **topic** and a **type of action** of a call.

Proposals must be created and submitted by a representative/contact person of the coordinating organisation. Certain types of action differ from this standard: in fellowships and in proposals for the European Research Council's types of actions, the individual researcher (Fellow/Principal Investigator) takes the lead on the proposal.

The electronic submission system is an online wizard that guides you step-by-step through the preparation of your proposal. The proposal itself consists of 2 main parts: administrative forms (structured information of the basic administrative data, declarations of partners, organisations and contact persons, etc.) and the technical annex, which is the detailed description of the planned research and innovation project outlining work packages, costs, etc. Further mandatory or optional annexes (e.g. supporting documents for ethics issues) can be required by the call and the given topic, as shown in the submission system.

Read more technical help about the submission of proposals in the [User Guide of the Submission Service \[pdf\]](#) or on the [IT How To website](#).

Get prepared

Before your start writing your proposal, get prepared as follows:

1. Call and topic specific documents

b. Documentos de referencia

- Los beneficiarios deben registrarse y reciben un **código de 9-dígitos** para **identificación del participante (PIC)**
- Cita su PIC en toda la correspondencia con la comisión!

Register your organisation

To register, you need to login in the Portal or, if you are a new user, create your account.

Check what information you need to register in the Online Manual - and keep it to hand during the registration procedure. To start registration, click on the button below.

Register your organisation

You can suspend the registration process at any time: the data entered can be saved as draft and you can continue your registration later. To return to your registration, please log in and get into My Organisation(s) in the My Area section. Incomplete, draft registrations are automatically deleted after one year.

For H2020 programme, please make sure to fill in the H2020 and FP7 section in the Participant Register. Additionally, for actions where the SME status is an eligibility criterion (like, e.g. the SME Instrument) you must also carry out the SME self-assessment.

Should your project be successfully evaluated, the registered data will be verified by the Validation Service team before the signature of the Grant Agreement.
