Horizon 2020 Work Programme for Research & Innovation 2018–2020

Horizonte 2020 – Trabajo en redes

Name: Claudia Romano.

Function: Service Facility in support of International Cooperation in
Research and Innovation (communication@ServiceFacility.eu)

Research and
Innovation

Contenidos

1. Consorcio del proyecto de Horizonte 2020: conocimientos básicos y terminología
2. Cómo crear una RED?
3. Herramientas para buscar un socio
4. Cómo obtener ayuda ? : Red NCP
5. Más consejos para la comunicación

1. Consorcio del proyecto de Horizonte 2020: Conocimientos básicos y terminología

Tipo de participación en un consorcio

- Coordinador
 - Socios
 - Terceras partes
- Beneficiarios

Horizonte 2020 distingue entre **4 tipos básicos** de apoyo

Consorcio del Proyecto Horizonte 2020: ¿Qué buscar?

Tenga en cuenta que un socio adecuado

- Podría ser de academia, industria, PYMES, ONGs, etc.
- Comprometido
- Tener capacidades en un **campo particular**
- Tener experiencias con proyectos de la UE/ cooperaciones internacionales (no es obligatorio)

Consorcio del proyecto de Horizonte 2020

Qué buscar ? (2)

- **Bien equilibrados:** geográficamente dispersos, conocimientos y tipo de organización (Academia, centros de investigación, industria, PYMES,...)
- **Fiables**
- Masa crítica
- Funciones y roles claros y complementarios
- **No superposiciones**, no duplicaciones

.....

Consortio del proyecto de Horizonte 2020

¿Qué buscar ? (3)

- Experiencia en proyectos de EU-RTD (no es obligatorio)
- Conocimiento de la **reputación de los socios principales**
- Involucramiento de **PYMES**, si relevante en la convocatoria
- Involucramiento de **organización consumidora**, asociación europea, etc. (según el tema)
- Diferentes intereses en el proyecto que se complementan entre sí

Posible éxito

Equipo plenamente integrado y equilibrado

2. ¿ Cómo crear una red ?

Aprenda de proyectos exitosos

- Haga lo mejor de lo que tenga: **Use sus propias redes existentes**
- Mejor punto de comienzo: fíjese en las **colaboraciones/ vínculos** que tenga a nivel europeo/ internacional
- Descubra cuáles organizaciones y/ o consorcios ya ganaron proyectos en Horizonte 2020 y/ o FP7?
- Lea publicaciones científicas en su campo y tome nota de quién está trabajando en él

Contactos existentes vs contactos nuevos– Ventajas y desventajas

Tipo de contacto	Ventajas	Desventajas
Contacto existente	• Lo más efectivo • Lo más fiable y previsible (colaboración previa)	• Muchas veces no adecuados para un proyecto específico (especialmente si se necesitan capacidades complementarias)
Contacto nuevo	• Más fácil encontrar a un nuevo socio para un proyecto planeado • Diferentes formas de apoyo	• Más arriesgado

Estar en el lugar (internacional) apropiado

Acudir a

- Eventos de las redes
- Eventos de intermediación
- Días informativos

Organizados por

- Actores relevantes de la UE

(Comisión Europea, EEN, NCPs, ...)

- Registro de Comisiones Mixtas
- Acuerdo Interuniversitarios
- Colaboraciones anteriores
- Intercambios académicos
- Redes de CYTED

- ¿Estudiamos en Europa?
- Amigo/as
- Amigo/as de amigo/as
- Investigaciones pasadas
- Conocidos

Teoría de los grados de separación

¡Sea pragmático!

- Hable con compañeros en conferencias y eventos
- Invíteles a participar en su proyecto
- Pida unirse a su proyecto
- No desaparezca tras el cierre del evento

¡Esté preparado!

- No vaya a los eventos de las redes sin tener una idea clara de sus objetivos (ej. use el llamado “elevator pitch”, PPTs pegadizas,...)

Propuestas de títulos pegadizos

HORIZON 2020
HEALTH EUROPEAN BROKERAGE EVENT
PARIS 2016

Next generation liquid biopsy

PM-02-2017 : New concepts in patient stratification

Project: CTCs elimination device

Pietro Fici, PhD

SERVIZIO SANITARIO REGIONALE
EMILIA-ROMAGNA
Istituto Scientifico Romagnolo per lo Studio e la Cura dei Tumori
Istituto di Ricerche e Cura a Carattere Scientifico

ISTITUTO SCIENTIFICO ROMAGNOLO PER LO STUDIO E LA CURA DEI TUMORI

What our idea is (1) – CTCs as a two-faced target

Cancer-related mortality is linked with tumor dynamic heterogeneity, metastases and circulating tumor cells (CTCs)

Remove CTCs from the blood of a patient could **LIMIT** metastasis and **RELAPSE'S RISK** & help **IMPLEMENTING KNOWLEDGE-BASED DECISIONS** on

WHAT therapeutics

WHICH patients

WHEN

stratify patients using CTCs to select the best personalized therapeutic regimen

HOW?

Whom we are looking for

• Research centres & SME

- Software modeling & in silico tests
- Antibody producers
- CRO and/or other institutes for preclinical test of the device (i.e. on animals)
- Harnessing the power of – omics
- look for partners

¡Sea visible!

Publique su perfil y busque posibles socios en las **plataformas de socios de investigación temática** relevantes para temas de su interés

3. Herramientas para la búsqueda de socios

Partner Search - Partner Offer

Nanotechnologies, Advanced Materials, Biotechnology and Advanced Manufacturing and Processing in HORIZON 2020

The NMP TeAm Partner Search Facility has been established by the network on NMP NCPs in order to offer best support to its clients. This web service is strictly focused on the open calls for proposals of the key enabling technologies **Nanotechnologies, Advanced Materials, Biotechnology and Advanced Manufacturing and Processing of HORIZON 2020**, related actions like FET open, ERA-NETs like ERA CoBioTech, EuroNanoMed3 and MANUNET and inducement prize (Horizon Prize on materials for clean air).

On this web-service we discern between

- **Partner Offer** - Researchers who offer their research expertise and who seek for collaboration in possible project consortia and
- **Partner Search** - Researchers or consortia with a definite idea for a project who are looking for further partners to complement the expertise scope of the consortium

About us

BioHorizon is a network of specialised NCPs (National Contact Points) for Horizon 2020, the EU Framework Programme for Research and Innovation, within the scope of the Societal Challenge 2 (SC2) "Food security, sustainable agriculture and forestry, marine and maritime and inland water research and the bioeconomy" and the Key Enabling Technology (KET) "Biotechnology" (KET-B). The network consists of officially appointed Food Security National Contact Points (NCPs) and Contact Points in International Cooperation Partner Countries (ICPC CPs), coordinated by the *Instytut Podstawowych Problemów Techniki Polskiej Akademii Nauk* (IPPT PAN) in Poland.

The mission of BioHorizon is to facilitate transnational cooperation within the network of BIO NCPs with a view to identifying and sharing good practices in order to improve general standard of support to programme applicants taking into full consideration the diversity of stakeholders and actors involved in SC2 and KET Biotechnology.

C-Energy 2020 Project

C-ENERGY 2020 is a 48 month Coordination and Support Action having three specific objectives:

- ensuring high quality Energy NCP services for Horizon 2020 and related programmes applicants;
- lowering entry barriers for Energy NCPs approaching EU Framework Programmes for R&I for the first time;

H2020 Energy

The Energy Societal Challenge in H2020, the EU R&I funding programme 2014-20, is **one of the most important in terms of earmarked budget** (€ 5,9 bn) over the next 7 years. This reflects the special attention the European Commission attaches to the shift towards an energy secure, competitive, climate resilient and low-carbon economy. This energy transition is underpinned

► Partner Search Support

Are you interested in participation in EU Research Projects within the Societal Challenge 6 "Europe in a changing world - inclusive, innovative and reflective Societies"?

You will be able to profit of our **online partner search service as soon as new calls are published.**

To spread your partner search, you can profit from our online partner search service. The National Contact Point (NCP) for Societal Challenge 6 in your country will automatically receive your filled in form and the partner search will be published within a short time here on the Net4Society project website.

The partner search service is open for all partner searches relating to topics of Societal Challenge 6 "Inclusive, innovative and reflective societies".

The Net4Society database will offer both profiles of partners interested in becoming involved in existing or currently forming consortia as well as partner searches of research consortia looking for specific additional partners.

NET4SOCIETY QUALITY CHECK

As special service for the research community, each country's NCP will carry out a quality check of partner or project searches before they are displayed online. All forms will be checked for completeness and relevance to the call.

Show non-call related profiles

If you are looking for networking opportunities with other SSH research beyond proposal preparations, have a look at our → [Net4Society Research Directory](#) - an online database of key SSH players.

ABOUT NET4MOBILITY

INTRANET FOR NCP

MSCA NCP Project: Net4Mobility

The objective of the Net4Mobility project is to **facilitate the transnational cooperation between the National Contact Points (NCPs)** of the Marie Skłodowska-Curie Actions (MSCA). The project aims to achieve the following two goals:

1. mutual support and thus raising the general standard of applicants
2. to better inform the research and innovation stakeholders on funding possibilities in the MSCA and help them to improve their performance.

The project will achieve these goals by the implementation of a wide array of measures, e.g.:

- Trainings based on the needs of MSCA NCPs in particular with regards to the challenges of Horizon2020
- Twinning' visits and Best Practice Meetings to tap into the already existing knowledge of MSCA NCPs
- Communication platforms for the constant exchange and transfer of knowledge

A number of public engagement activities and networking events with relevant stakeholders round up the project's activities.

Net4Mobility has 15 beneficiaries from around the world and a duration from **1 February 2015 until 31 January 2018 (3 years)**. It is coordinated by Euresearch in Switzerland.

Project Activities

Work Package 1 – Management & Internal Communication

The objectives of this work package are the following:

- 1) to ensure the smooth implantation of all activities for the whole duration of the project.
- 2) to establish and maintain an effective internal communication flow among all project

Work Package 2 – Quality Development

The main objective of this WP is: to strengthen the basic and complementary skills of H2020 MSCA NCPs in identified areas where significant demands exist, and in new emerging areas. The areas of needs will be identified via a benchmarking exercise. This

- No hay sistema de control de calidad de las búsquedas de socios
- Tener un perfil atractivo y completo

The screenshot displays four LinkedIn groups, each with a blue header bar and a white body. Each group has a small icon on the left, a title, a description, and a member count. The groups are:

- "H2020 ICT" Research and Innovation in ICT, Collaborative R&D Projects & Partner Search**: 18.930 miembros. A blue button labeled "Pide unirte" is visible.
- "H2020 SSH" Social Innovation Research, Socio-Economic**: 4.590 miembros. The description mentions "SOCIO-ECONOMIC SCIENCES and HUMANITIES & SOCIAL INNOVATION".
- "H2020 ENVIRONMENT" Hydroinformatics, Climate Change**: 10.116 miembros. The description mentions "RESEARCH and INNOVATION in WATER and HYDROINFORMATICS".
- "H2020 SPACE Research" Space Technology, Exploration, E**: 5.741 miembros. The description mentions "SPACE RESEARCH & EXPLORATION, SPACE SCIENCE & TECHNOLOGY".

Each group's description also includes a list of topics and a "Mostrar más" link.

Redes Profesionales

<https://twitter.com/>

- Muchos miembros EEN publican enlaces a búsquedas de socios
- Seguir cuentas oficiales
- Seguir perfiles activos
- Requiere tiempo

4. Cómo conseguir ayuda: Red de NCP

Cómo conseguir ayuda (1)

Puntos de contacto nacionales (NCPs)

- Redes de expertos organizadas a nivel nacional según campo de trabajo
- Servicios incluyen **asistencia en la búsqueda de socios** (generalmente con su propia base de datos)
- **Diseminación** de convocatorias para la comunicación de intereses y convocatoria para propuestas a través de diferentes vías
- **Organización de sesiones de capacitación** (buena manera para encontrar a nuevos socios)

Proyectos de apoyo

- Proyectos financiados por el Programa Marco específicos para apoyar a organizaciones que quieren formar parte en los FPs
- **Ejemplos:**

Red Lac de NCP

Net 4 Mobility +

Dos actitudes

REACTIVO

Espera que las cosas sucedan
para
REACCIONAR

PROACTIVO

Hace que las cosas sucedan
porque tiene
INICIATIVA

Reactivo/as

- Se amoldan a los hechos y situaciones como si estuvieran dados
- Esperan a que las oportunidades lleguen por si solas
- Actitud pasiva

Proactivo/as

- Procuran tener iniciativa
- Ponen empeño para que suceda lo que buscan
- No es igual a impulsivo/a
- Buscan interacción directa con posibles socios

¡Anímesese a participar!
