

# **RESEARCH ORGANIZATION**

- **National University Micaela Bastidas of Apurímac-UNAMBA**, Perú. Professional Academic School of Agroindustrial Engineering.
- **National University Agraria la Molina (UNALM)**. Lima, Perú. Faculty of Food Industries.
- **Federal Universidade of Rio Grande do Sul (UFRGS)**. Porto Alegre, Rio Grande do Sul, Brasil. Institute of Food Science and Technology.
- **Federal University of Vicosa (UFV)**. Ríó Paranaíba, Minas Gerais, Brasil. Nutrition Department.
- **Federal University of Juiz de Fora (UFJF)**. Governador Valadares, Minas Gerais, Brasil. Nutrition Department..
- **National University of Magdalena (UNM)**. Colombia. Faculty of Business and Economic Sciences.
- **External counseling.**

# PRESENTATION, RESEARCH INTEREST

DAGNITH LIZ BEJARANO LUJÁN

Ph. D. in Food and Nutrition applied to Food Technology. Teacher-researcher UNAMBA

## **Research interests**

- Form and consolidate research networks at the regional, national and international levels.
- Develop research that helps in the solution of local, national and international problems (malnutrition, rudimentary technology, loss of values of cultural identity, production of self-consumption, assistance, etc).
- Link the university with the region and companies
- Know and take advantage of the biodiversity of the region.

# OPPORTUNITIES, AREAS OF RESEARCH

- Biodiverse región. Nutritional and functional food products (bioactive compounds).

Algae, camelids, grains, tubers, insects.

- Malnutrition considering the highly diverse geography and cultural background on the región.

Regional Ordinance N° 005-2017-GR-APURIMAC/CR:  
Reduce chronic malnutrition in girls and boys under 5 years of age from 20% (2016) to 9.2% (2021).

Reduce anemia in girls and boys under 36 months from 53.5% (2016) to 23.3% (2021)

- Drivers of consumer and dietary behaviours to inform methods for effective intervention.

Disorganization, alcoholism, poor articulation of the university to the region.
